Genuine Mercedes-Benz Accessories for the CLK-Class

When people think about the name Mercedes-Benz, most often words such as quality, dependable, luxurious and beautiful come to mind. These adjectives have been used to describe the brand and its vehicles from its earliest days. They have become as intricately linked to the name as is the Three-Pointed Star.

Genuine Mercedes-Benz Accessories feature the same attributes as all other products from Mercedes. Given the brand's illustrious reputation, they have to. Our engineers have developed an array of products for the CLK to customize it to your liking or extend its utility for your practical needs. All accessories are purpose-built to the same uncompromising technical, reliability and appearance standards we commit to deliver on everything bearing the Mercedes-Benz name. Whether it be a racing-inspired, multi-piece alloy wheel, an integrated vehicle interface for your iPod®, or a cargo management product, you are assured that Genuine Mercedes-Benz Accessories will meet your expectations for quality performance and design.

With this brochure we invite you to take a closer look at the wide range of accessories made for the CLK, available to you exclusively through all authorized Mercedes-Benz dealers.

You could be forgiven for thinking it isn't possible to improve upon the looks of your CLK. That is, until you have seen the accessories shown on these pages. A unique set of performance wheels, a few polished chrome accents, and a sumptuous wood-leather steering wheel are among the items that can give your CLK a distinguished, custom appearance.

Accessory wheels are only for specified tire sizes and may require use of wheel bolts other than those originally supplied with your vehicle. Failure to use proper equipment could result in an accident or vehicle damage. See your authorized Mercedes-Benz dealer for details and installation.

Wheel Hub Inserts

Add an attractive finishing touch to your wheels with these inserts. Two versions available:

Classic Star & Laurel design in blue | Above left |
Silver with chrome Three-Pointed Star | Above right |

Tire Valve Stem Caps

A perfect finishing touch, these chrome plated solid brass valve stem caps dress-up any wheel. Each a set of four. Available in black, silver or AMG.

Wheel Locks

Chrome-plated wheel locks can provide a subtle but effective security touch to your CLK-Class, helping to protect your light alloy wheels and tires from theft.

APPEARANCE

Wood & Leather Steering Wheel

Add a touch of distinctive elegance to your CLK-Class with this steering wheel, made from durable richly-grained leather and hand-burnished burl walnut wood. Charcoal, ash or stone leather available.

Chromed Exterior Mirror Housings

These high-shine chromed exterior mirror housings perfectly complement the sparkling range of coordinating exterior refinements. | Also pictured on page 6 |

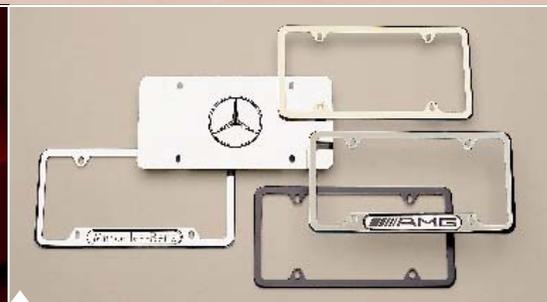

Chrome Door Handle Inserts

Help protect your finish from scratches and show an added touch of style with a set of four chrome door handle inserts.

Trunk Handle

Made of stainless steel in polished or satin finish, this trunk handle attaches to the license plate to help prevent fingerprints and reduce the possibility of scratching the finish on your CLK-Class.

License Plate Frames

Choose from four quality solid stainless steel frame designs in an assortment of durable finishes to enhance the appearance of your license plates without blocking registration tags in all four corner locations. Design styles include: Mercedes-Benz Logo frame, Slimline frame, AMG Logo frame, and Star Marquis solid plate. Please see *INDEX* for finish options for each design.

Blue Illuminated Door Sills

Light-up your CLK-Class in eye-catching style each time you open the doors with these luminous blue-colored CLK stainless steel door sills.

ENTERTAINMENT
& COMMUNICATION

Mercedes-Benz

Enhances your in-vehicle experience.

▶ Mercedes-Benz offers a suite of innovative communication and entertainment systems designed to enhance and personalize your in-vehicle experience. Navigation, hands-free communication system, SIRIUS satellite radio and Tele Aid services like Stolen Vehicle Recovery, Personal Concierge and Automatic Collision Notification are just some of what Mercedes-Benz offers.

So, what matters most to you? Perhaps it's an extra measure of security, or an interest in efficiency tools that let you be more productive during your drive time. Or maybe you would just like an added sense of luxury.

For security, for efficiency, for luxury... Mercedes-Benz can cater to your unique lifestyle.

- ▶ Tele Aid
- ▶ Navigation
- ▶ SIRIUS Satellite Radio
- ▶ iPod® Integration
- ▶ Hands-Free Communication System

Tele Aid²

There at the touch of a button.

² Tele Aid equipment is standard on the CLK-Class cars. First year's basic Tele Aid Security and Care package provided at no additional cost. Subscription and acquaintance call required for system to be active. Service operates only where cellular and Global Positioning Satellite system coverage are available. Concierge service available only in Tele Aid Luxury & Convenience package. Traffic Information and Route Assistance use included as part of Tele Aid Luxury & Convenience package. Additional per use charge applies when used with Tele Aid Security & Care package. See your dealer for details.

Tele Aid puts a variety of services at your fingertips with three simple buttons: SOS, the Wrench button, and the *i*-button.

SOS Button

In case of an emergency, push the SOS button for a Tele Aid response specialist who can notify police, paramedics, or other emergency personnel of your vehicle's location. SOS is automatically triggered in the event of an airbag or seat belt emergency tensioning device deployment.

Wrench Button

If you need Mercedes-Benz Roadside Assistance, push the Wrench button. Service personnel will help you identify the trouble and dispatch Roadside Assistance if necessary.

i-Button

Push the *i*-button to contact the Customer Assistance Center or be connected to your Mercedes-Benz dealer. You can also reach the Concierge Service or receive Route Assistance and Traffic Information.

Choose the Tele Aid package that fits your lifestyle:

Tele Aid Security & Care²

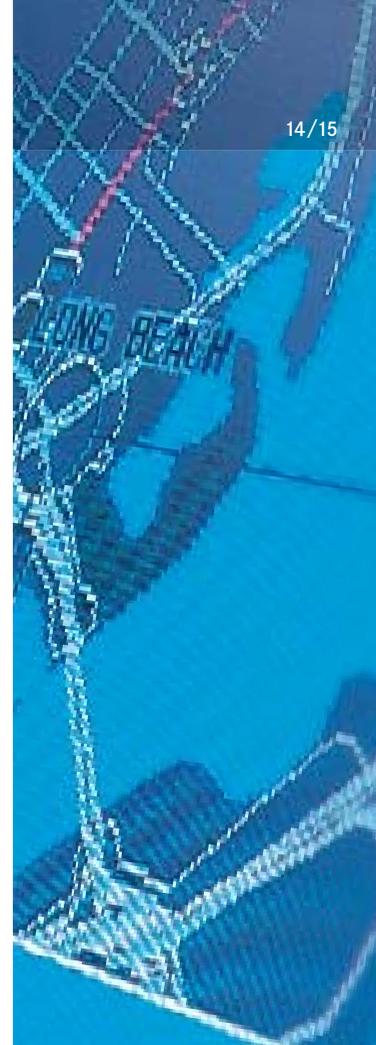

You're already driving a very safe car. Now, Tele Aid Security & Care enhances your sense of security by providing emergency notification services, Roadside Assistance, Remote Door Unlock, Stolen Vehicle Recovery, Anti-Theft Alarm Notification, and more. Keep your annual subscription up-to-date and enjoy the peace of mind that comes from knowing you and your family have an added measure of Security & Care.

Tele Aid Luxury & Convenience

The Tele Aid Luxury & Convenience package builds on the services of Tele Aid Security & Care and adds access to premium services that enhance your in-vehicle experience every time you get into your Mercedes-Benz. Upgrading to the Tele Aid Luxury & Convenience package is as easy as pressing the *i*-button and speaking with a Tele Aid response specialist.

- ▶ Personal Concierge acts as your personal assistant on the road. The Concierge Service offers you the gift of time and convenience by fulfilling your requests for nearly "anything, anytime, anywhere"... at the touch of a button.
- ▶ Traffic Information provides up-to-the-minute details on traffic conditions along your route.³
- ▶ Route Assistance connects you to a trained specialist who has the resources to locate and get you to your destination.
- ▶ Online Concierge allows you to access your Personal Concierge via computer from the convenience of your home, office, or anywhere you have Internet access.

³ Traffic information is based on available broadcast data and is not available in all areas. Route Assistance is limited to available digitized map data which does not include all areas or routes within area. Owner must authorize vehicle tracking and provide passcode and a valid stolen vehicle police report number. PIN code required to activate Remote Door Unlock.

Mercedes-Benz Navigation⁴

More than a map.™

The Mercedes-Benz Navigation System, available as a dealer-installed option even after you take initial delivery of your CLK, is an in-dash console that combines Global Positioning System (GPS) technology with detailed DVD-based maps to allow you to plan trips, navigate detours, and help prevent you from getting lost. (Vehicle location is determined by the GPS system.)

The system covers more than 4.6 million miles of navigable roads in the 48 contiguous United States, plus Hawaii and Canada.

The Navigation System also offers 1.6 million Points of Interest in 40 categories including ATMs, hotels, airports, hospitals, museums and more.

NavUpdate

Your Mercedes-Benz Navigation System relies upon the navigation disc – a detailed electronic map – to guide you to your destinations and help you find the services and attractions that you need and want in your daily life. But things are constantly changing out there. Roads are added or diverted, restaurants open and close, hotels and hospitals are built, ATMs move. In fact, as much as 20 percent of the information on your navigation disc can become obsolete every year. That is why Mercedes-Benz offers new, updated disc(s) every year to ensure that you always have the most current navigation information available.

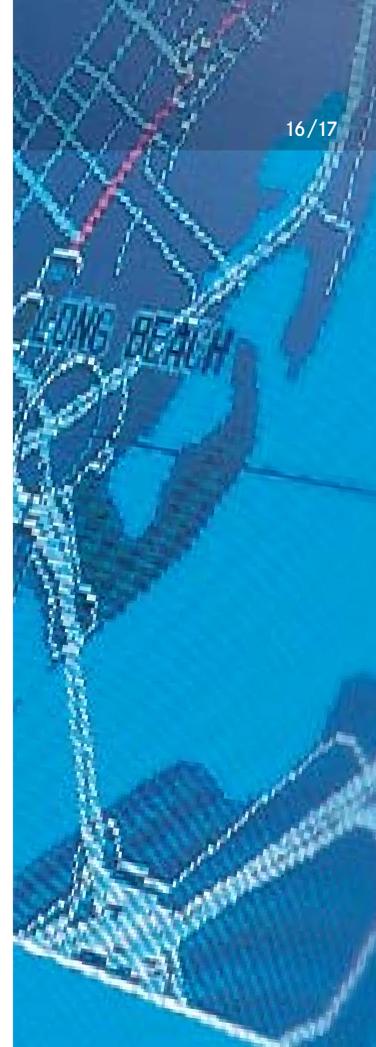

⁴ DVD-based system represents the 48 contiguous United States, plus Hawaii (Oahu only) and Canada, on a single DVD. Directional assistance provided only when GPS coverage is available. DVD maps do not cover all areas nor all routes within an area. While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or verbal displays once the vehicle has been stopped in a safe place.

SIRIUS Satellite Radio^{5,6}

Radio for the new millenium.

With more than 120 channels of SIRIUS satellite radio from which to choose, you can be as discerning about what you listen to as you are about what you drive. Once the SIRIUS hardware has been installed and your subscription to SIRIUS activated, over 65 channels of coast-to-coast digital-quality commercial-free music from almost any genre, and over 55 channels of exclusive sports, news, talk and world-class entertainment will literally be at your fingertips, seamlessly integrated within the audio system of your CLK.

- 5 SIRIUS satellite radio is a subscription-based service, available on a monthly, annual or lifetime basis. Included with your purchase of SIRIUS hardware for your CLK is six months of service. While the SIRIUS network of satellite and terrestrial antennas provides nearly seamless service throughout the contiguous U.S., SIRIUS service may be unavailable or interrupted for a variety of reasons, including environmental or topographic conditions; in certain locations such as tunnels, parking garages, or within or next to large buildings; or near other technologies that can interfere with the SIRIUS signal.
- 6 Satellite radio must be ordered from the factory for CLK Cabriolet models. It is available as a dealer-installed accessory only for CLK Coupe models.

ENTERTAINMENT
& COMMUNICATION

iPod® Integration⁷

Your music. Your Mercedes-Benz.

Taking your personal music collection with you wherever you go has never been easier. Mercedes-Benz now offers seamless integration of your iPod into the audio system of your CLK. With an interface that is compatible with any dock-connector equipped iPod device, your iPod is charging even while it is plugged in. Steering wheel controls and a visual display of the artist and song title make your iPod a perfect fit with your Mercedes-Benz – and help you keep your attention focused on the road. Also available is a glovebox cradle (not shown) that firmly secures your iPod while docked (sold separately).

Control your iPod via steering wheel buttons:

- Push for iPod menu and navigate within the current menu
- Volume Control, Fast forward, Rewind
- Display of current iPod selection⁸

⁷ iPod is a registered product of Apple Computer. iPod device sold separately.

⁸ Format of display subject to change.

Hands-Free Communication System⁹

Keeping you in touch.

The Mercedes-Benz Hands-Free Communication System incorporates state-of-the-art communications technology from Motorola with the engineering expertise of Mercedes-Benz. Unlike conventional cell phones, the Hands-Free Communication System is seamlessly integrated into your vehicle and engineered, tested and approved by Mercedes-Benz to provide optimum reception and sound quality while helping you keep your eyes on the road and your hands on the wheel.

▶ Instrument Panel Display

Lets you view your phonebook entries and Caller ID with minimal driving distraction.

▶ Audio System Display

Lets you view various data including phonebook entries, dialed numbers, phone status, Caller ID, and text messages.

▶ Steering Wheel Controls

Send, end and answer calls, or scroll through your phonebook without taking your hands off the wheel. Also control call volume with them.

▶ Multi-Handset Interface (MHI) Cradle

Keeps the handset charged and accommodates a current selection of Motorola phones.

▶ External Antenna

The system includes an external antenna to improve reception for optimal performance.

▶ Microphone

Features noise and echo reduction while being discreetly integrated into your vehicle's interior.

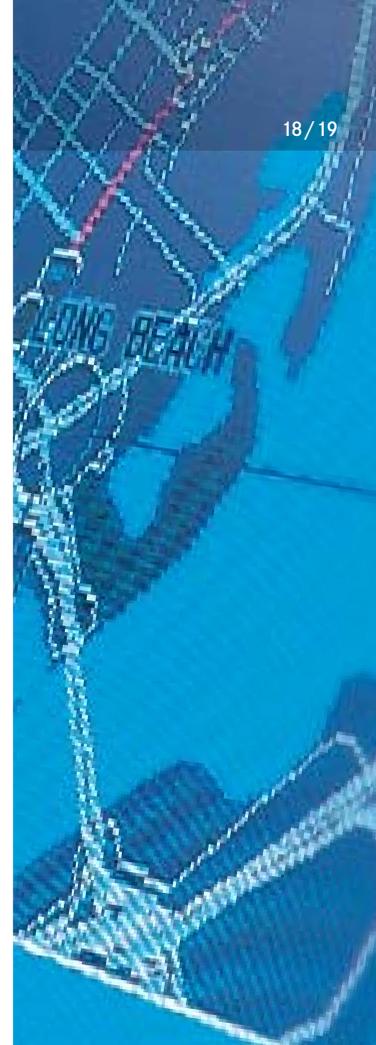

⁹ Always plug the phone into the cradle for use inside the vehicle. Operating a phone or radio transmitter with its own attached or built-in antenna while the engine is running can interfere with the vehicle's electronic systems. For safety reasons, the driver should not use the cellular phone while the vehicle is in motion. We encourage the driver to stop the vehicle in a safe location before answering or placing a call. See your Mercedes-Benz dealer for current handset availability.

MHI Interface Cradle

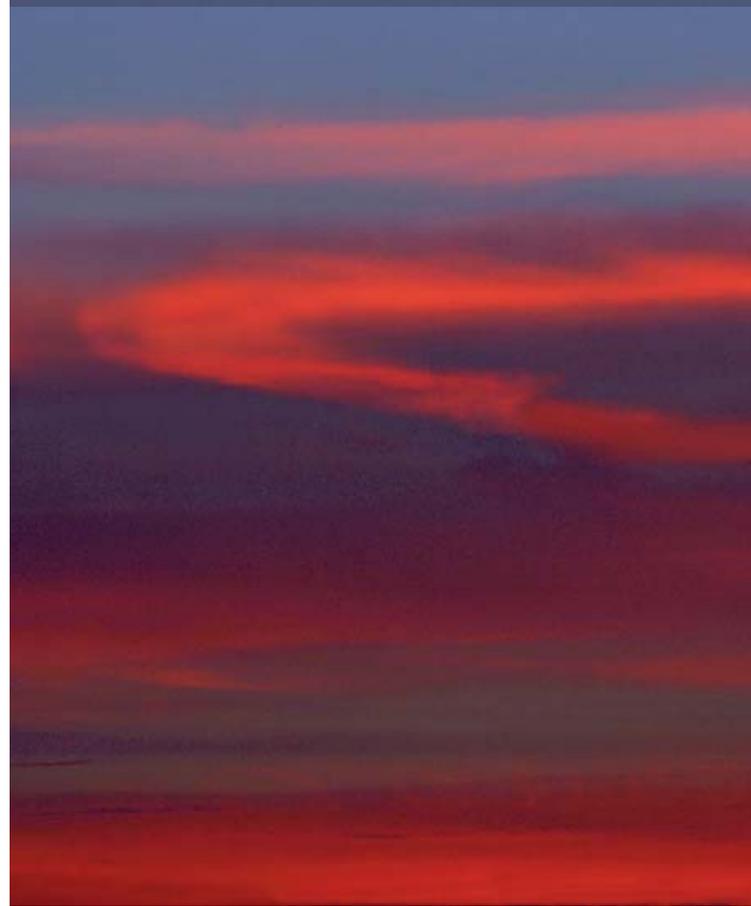

The Multi-Handset Interface (MHI) Cradle keeps the handset charged, automatically accesses your phonebook, and is designed to be flexible to accommodate a current selection of specially designed Motorola phones.
