Mercedes-Benz Genuine Accessories for your E-Class

The E-Class is pure Mercedes-Benz. Cool composure, dynamic performance and exclusive comfort are natural attributes of a vehicle concept which has, for many years, defined new standards above and beyond its class.

We want you to be absolutely satisfied with your car.

That's the golden rule when it comes to developing Mercedes-Benz genuine accessories. Our diverse range of products is designed to help you adapt your E-Class to your own personal needs and your own individual style.

- There are dazzling items to be found even in the "BASE" section: chromed highlights such as the **exterior mirror housings** or **door handle recesses**, together with our **incenio designer wheels**, ensure a sparkling entrance.
- The inner qualities can be discovered in the "INSIDE" section.
- While the "TOP" section features a range of muscular products for your various transport needs.

Mercedes-Benz iPod® Interface Kit*

It's never been easier to take your favourite music with you when you're on the move. The Mercedes-Benz Interface Kit provides an elegant and functional way to integrate your iPod into your E-Class's audio system. The iPod is connected to the system inside the glove compartment, where it is hidden from prying eyes. While you're on the move, you can scroll through the playlists, select songs and adjust the playback volume using the buttons on the multifunction steering wheel. Your iPod's battery is also recharged. The current status of your iPod appears in the central driver's display, helping you to keep your attention focused on the traffic.

** The iPod Interface Kit and the iPod holder are compatible with the following models:*

Alustyle basic carrier bars

| for Sedan | The Alustyle system opens up a wealth of flexible options when it comes to transporting sports equipment and luggage. Simply combine the Alustyle basic carrier bars with a variety of different roof-mounted carriers. The basic carrier bars are precisely tailored to the body of your E-Class, ensuring the highest degree of safety and optimum aerodynamics

Travelling in an E-Class is such an enjoyable experience that it's easy to forget that this is a vehicle that can really take the strain. We have put together a whole series of genuine accessories, designed to play a variety of dependable supporting roles when it comes to transportation.

But that's not all. Our roof-mounted carrier system, for example, is not just the end result of extensive tests in our safety laboratory. It is also a highly aerodynamic development, precision-tailored to the contours of the E-Class.

Mercedes is, after all, Mercedes.

All illustrations and specifications contained in this brochure are based on the latest product information available at the time of publication. Actual product offerings may vary from those shown or may be subject to availability delays or discontinuance. Mercedes-Benz reserves the right to make changes at any time, without notice, in colours, materials, equipment, specifications and models. Any variations in colours shown are due to reproduction variations of the printing process. Illustrations may include test situations. Some vehicles may be shown with non-Canadian equipment. Vehicles are shown with optional equipment.

Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-down hooks. Cargo nets and organizers are not intended to prevent objects of excessive weight and bulk from sliding or rolling in the event of a collision or sudden stop. Always drive with caution when driving with cargo.

Certain accessories may require additional components to complete the installation in your vehicle. Please consult your authorized Mercedes-Benz dealer for specific information about automotive accessories.
